

Introducing Ingram Content Group

The World is Reading

INGRAM
CONTENT GROUP

What Makes Ingram Different?

Books — printed ones, digital ones, in all their formats and the technology that keeps them moving across the globe — are our passion and what we at Ingram Content Group have worked to perfect for more than 50 years.

As a global wholesaler we offer a wide range of services to sell your print books, ebooks, and audiobooks to thousands of retailers and libraries around the world.

Supply Chain Management

Manage variable demand efficiently with a combination of distribution services, wholesale, and Print-on-Demand (POD)

Global Availability

Make your books available to more than 40,000 booksellers and libraries around the world

Multi-Format Focus

Ingram supplies print, audio, and ebooks to readers in all major markets

How Publishers Use Ingram

Reduce waste and free up cashflow by only printing when orders are placed

Supply and sell into global markets that are difficult to reach

Keep their full catalog "in print" by selling digitally & via POD, earning revenue from titles new and old

Publishers can also place print orders directly from our own POD facilities in the US, UK, Australia, & the UAE to efficiently fulfill local demand.

Some notable retail channels in each market include:

US

Amazon.com
Barnes & Noble
Target
Bookshop.org

UK

Amazon.co.uk
Blackwell's
Book Depository
Waterstones
World of Books

Middle East

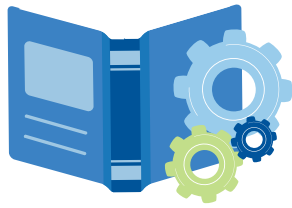

Magrudy's
Zoom Book
Kinokuniya
Pan World

Australia & New Zealand

Amazon.com.au
Booktopia
Dymocks
Fishpond
The Nile

How Ingram Supplies the Global Book Market

Ingram has relationships with over 40,000 retailers and libraries around the world. With strong availability messaging and quick delivery, demand for Ingram-supplied titles is growing, helping you sell more books.

Ingram supplies retailers & libraries from 3 different sources:

Books sold through our full-service distribution brands

Wholesale stocked books at our US & UK warehouses

Books available via POD or digital distribution
